Cooperation Certificate

Plant-for-the-Planet wholeheartedly thanks **GIGABYTE**
for its sponsorship and support.
Between April 1st 2017 and March 31st 2019
together we have been able to reach a great impact.

50.000 Trees

have been planted on our foundation-owned reforestation area
in Yucatán, Mexico.
The trees absorb CO2, thus mitigating the climate crisis.
Furthermore the trees generate income for local communities.

In addition, GIGABYTE enabled us to empower

1.026 Children and Youth

who became **Climate Justice Ambassadors**
on 15 Plant-for-the-Planet Academies.
The Academies took place in Cameroon, Cote d'Ivoire, Gambia,
Ghana, India, Nepal, Nigeria, Rwanda and Taiwan.
During these Academies **an additional 818 trees** were planted.

The current climate crisis is the biggest challenge in human history.
Thank you for supporting the fight for our future.
